

POWERING THE EU MISSIONS WITH THE European Business Angels Network

HORIZON RESULTS PLATFORM

MAKING RESULTS MATTER

Research and
Innovation

JEAN-ERIC PAQUET

Director-General,
DG Research & Innovation,
European Commission

The EU Missions will deliver a transformative impact for society, the economy, and the environment. Engaging with private investors as partners in these EU missions will bring multiple benefits to all; this will:

- Accelerate the achievement of the goals of the **EU Missions**;
- Boost our innovators, researchers and entrepreneurs, and,
- Through the **HORIZON RESULTS PLATFORM**, provide a rich and continuous pipeline of investment opportunities to investors.

The Five
EU Missions are:

ADAPTATION TO CLIMATE CHANGE

CANCER

CLIMATE-NEUTRAL & SMART CITIES

RESTORE OUR OCEAN & WATERS

SOIL DEAL FOR EUROPE

The jury is composed of the following early stage investors:

AUDRA SHALLAL

is an expert in Women's Entrepreneurship and Angel Investment. She promotes Entrepreneurship and Angel Investing within the EU and the MENA region. Audra serves on the Board of BADGE (Les Business Angels des Grandes Ecoles), the Advisory Board of Tenmou-Bahrain First Business Angel Company, and the Paris Executive Business Accelerator. She is also a Member of the Board at NFBAN - Nordic Female Business Angel Network.

NFBAN Board Member

CHRISTOPHE BODIN

is an independent consultant specialised in Strategy, Finance and Development, supporting innovative companies in the Telecom Industry and the Digital Economy. He has 20 years of experience in the High-Tech industry, managing strategic projects and strategic plans for SMEs and for Blue Chip companies (Areva, Amazon.com, Bouygues Telecom).

CBO Consulting Director

IAN SOSSO

winner of EBAN's "best European early-stage investor award" in 2019, is the founder of Monte Carlo Capital (MCC), a group of business angels, UHNWI and family offices investing in Europe and the US in early stage deep tech and highly disruptive businesses. Ian is also a managing partner of the Start Up Nursery fund, a fund dedicated to financing the creation of deep tech US university spin offs.

Monte Carlo Capital Founder and Managing Partner

PETER BRAUN

has 20 years of experience as a serial entrepreneur and in various senior and top management positions in the aerospace and automotive industries. He has successfully launched two industrial companies and two finance-related enterprises, and completed two IPOs, one in the United States and one in Germany.

Angel Investor and Serial Entrepreneur

We are excited to introduce you to the finalists for the EBAN e-pitching event!

Peptichip enables accurate, fast, user-friendly and standardized tumor neoantigen identification from small biopsies. By addressing the major hurdles in the clinical translation of cancer immunotherapies, it helps unleash their full potential and paves the way for truly personalized immunotherapies.

Dr. Otto Kari, Commercial Champion

Prof. Vincenzo Cerullo, Main Inventor and IVT Lab Group Leader
